\$25/month for fully integrated unified communications

Elevate is a cloud-based unified communications and collaboration platform. It enables users to be more mobile, more productive and share ideas and content through a single system.

Whether in the office or remote, Unite seamlessly integrates all your communication tools – desktop phones, mobile phones, and computers – into one manageable solution oriented around your employee’s needs and workstyles. From 1 to 250 users – multiple sites.

Elevate PC Application - Make/Receive Calls from your Laptop

The Elevate Desktop App brings essential collaboration tools together, so employees can see who is available, chat with colleagues, place and receive calls, share screens, start video calls and share files—all from one application.

- Have the flexibility to use your desktop application to place and receive calls in two ways – either as a call controller for your associated desk phone, or as a softphone from your Mac® or PC.
- One place to see the availability of coworkers, place a phone call, start team chat and a launch a video conference.
- With the Elevate Desktop and Mobile Applications, you can take your contacts, files and conversations with you – wherever you are.

Elevate Mobile App – Take Your Office with You

This powerful application transforms your phone into an essential collaboration tool, making teamwork on-the-go easier than ever. See who is available, send and receive team chats, place calls and see voicemails all from one application—anytime, anywhere.

- Extend your business phone number and extension to your mobile phone, so you can place and receive calls on-the-go or even transfer calls from your desktop phone to your mobile device – seamlessly, without interruption.
- Your full desktop chat history is synchronized with your mobile device so you can stay connected and continue conversations no matter where you are.

Video Conferencing & Screen Sharing

Elevate includes Online Meeting, an easy-to use, reliable video collaboration tool.

- HD video conferencing eliminates unnecessary travel and empowers teams with remote members to be more productive.
- Screen sharing. The computer desktop can be shared with team members in real-time, improving collaboration and speed of decision making.
- Includes a conference dial-in number, and custom URLs for meetings.
